PROFESSIONAL SUMMARY

Dynamic **Frontend Developer** with over 2 years of specialized experience crafting responsive, user-centric web and mobile applications using **React.js, Next.js, and React Native**. Adept at leveraging modern state management and API integration tools such as **Redux Toolkit, RTK Query, Axios, and Firebase** to deliver scalable, high-performance web and mobile solutions. Skilled in architecting clean, reusable component libraries, implementing internationalization (i18n), building real-time modules, and optimizing interfaces for seamless cross-platform experiences to drive business impact.

WORK EXPERIENCE

Enkelbok Karachi, Pakistan
Associate Software Engineer / Frontend Developer February 2024 – Present

Enkelbok is a digital accounting and bookkeeping platform helping small and medium-sized businesses manage invoices, expenses, payroll, and financial reporting.

- **Full-App Internationalization (i18n):** Successfully implemented multi-language localization (English and Swedish) across the entire application, enhancing global usability and cross-market accessibility.
- **Real-Time Chat & Support Module:** Engineered an interactive Chat Module facilitating seamless live communication between Support Accounts and Users, boosting customer engagement and service query resolution speed.
- **Automated Deadline Reminder System:** Developed a customized Deadline Reminder feature enabling users to set milestone dates with scheduled email alerts and system notifications.
- **Table Library Migration (TanStack / ReactTable v8):** Upgraded data table infrastructure by migrating legacy ReactTable to **ReactTable v8 (TanStack Table)**, significantly boosting data rendering speed, sorting performance, and grid state management.
- **Cross-Platform Responsiveness & Quality Assurance:** Refactored entire application layout for 100% cross-device mobile and desktop responsiveness while resolving critical bugs and performance bottlenecks system-wide.

TecStik Karachi, Pakistan
Associate Software Engineer May 2023 – January 2024

TecStik delivers modern JavaScript web and mobile solutions for startups and enterprise clients.

- Built responsive, intuitive full-stack web applications using the **MERN stack (MongoDB, Express.js, React.js, Node.js)**.
- Developed cross-platform mobile application interfaces for Android using **React Native**, ensuring brand-consistent design and smooth UX.
- Integrated complex RESTful APIs across web and mobile using **RTK Query** and **Axios**.
- Maintained state architecture using **Redux Toolkit**, improving application stability and data persistence across client views.

Deskwork Solution Karachi, Pakistan
MERN Stack Developer Intern (3-Month Internship) January 2023 – March 2023

- Worked on full-stack web development features using the **MERN stack** during an intensive 3-month internship program.
- Developed reusable, modular frontend components in **React.js**, adhering to modern UI/UX design patterns.
- Assisted senior engineers in building backend API endpoints with **Node.js** and **Express.js** while managing data flow via **MongoDB**.

TECHNICAL SKILLS

- Programming Languages:** JavaScript (ES6+), HTML5, CSS3
- Frontend Development:** React.js, Next.js, React Native, Redux Toolkit, RTK Query, ReactTable v8 (TanStack Table), Axios, Tailwind CSS, Material UI, Bootstrap
- Backend & Database:** Node.js, Express.js, Firebase, MongoDB, RESTful APIs
- Core Capabilities:** Full-App Internationalization (i18n), Real-Time Chat Systems, Responsive Web Design, Component Architecture, Performance Optimization

EDUCATION & CERTIFICATIONS

Web & Mobile Hybrid Development Certificate — BMJ Institute of Computer Science	2022
Linux Professional Cisco International Certification — Cisco	2020
Responsive Web Design Certification — FreeCodeCamp	2020
Intermediate Education (Pre-Engineering / Computer Science) — Nabhi Bagh Z.M Govt Science College	2018
Secondary School Certificate (Matriculation) — Bright Future Academy School	2015
